

Mark video clips
on facility DVDs
– for FREE.

**DVD
clipper™**

Facility DVDs are great: high quality video in a compact package that plays on your computer. Only one problem: hard to make video clips.

But now it's easy to clip DVDs.

DVD Clipper™ lets you mark clips on your facility DVDs for FREE. Then you can **decide later which clips you want to export.** Pay to unlock just the DVDs that have the clips you need.
